

G20 FEEDBACK MONTH- APRIL

The G20 Summit, which is focused on promoting international economic cooperation and addressing major economic challenges faced by its member nations, is held annually with a rotating presidency, and in 2023, India is holding the presidency. With a view that India's G20 must touch every student, a programme 'University Connect' has been proposed by UGC in which the educational institutions across the country can involve their students in a range of events on G20 theme i.e. 'VasudevKutumbkam'.

APS Rakhmuthi Actively played its part and organised Special Morning Assemblies to educate and sensitise the students about G20 and its significance under India's Presidency.

On the First Day, the class teacher introduced the theme and shared her views and excitement about G20 2023. Thereafter a student eloquently gave a speech on G20 highlighting its key features which was followed by a vivid Flags Representation of the member nations by the students. At last, a student shared new words related to G20.

All these activities helped the students to acquire information about G20 to a great extent. The morning assembly, as usual, culminated with the National Anthem.
